## INTRODUCTION

In this guide, you will learn how to sell internet data Bundle of all major network providers in Nigeria using your Smartphone and/or Laptop.

Other Services you'll be able to sell include but not limited to;

- Electricity
- Bulk SMS
- GOTV
- DsTV
- STARTIMES
- SMILE Bundles
- WAEC Result Checker
- Virtual Top Up Airtime, you read that right, **VTU**.

Plus, there's no Merchant Charge for using any of the services, meaning you won't be charged for service cost – **more profit**.

### So What can you actually do with this?

1. Ability to sell data bundles of all Networks with only one (1) funded Account.
2. Ability to start a Bulk SMS Business.
3. Ability to start selling Electricity token
4. Ability to sell data bundles cheaper than the normal price and still make **Profit** for yourself.

5. Instant Account setup, you can begin business almost immediately.
6. No Special Training is required; all you'll need to know is included in this package.

### **LETS GET STARTED:**

I'm going to be as explanatory as possible so you get everything you need to know in this guide. It will be really easy to implement, I'll be using my very own account for reference and will let you get started right away.

So read carefully and follow each and every word in this guide.

### **REQUIREMENTS:**

List of things you'll need;

1. Android Smartphone or Laptop
2. ATM card (Verve, Naira MasterCard, Visa) or;
3. Banks Mobile Money Transfer App for QR code payment.

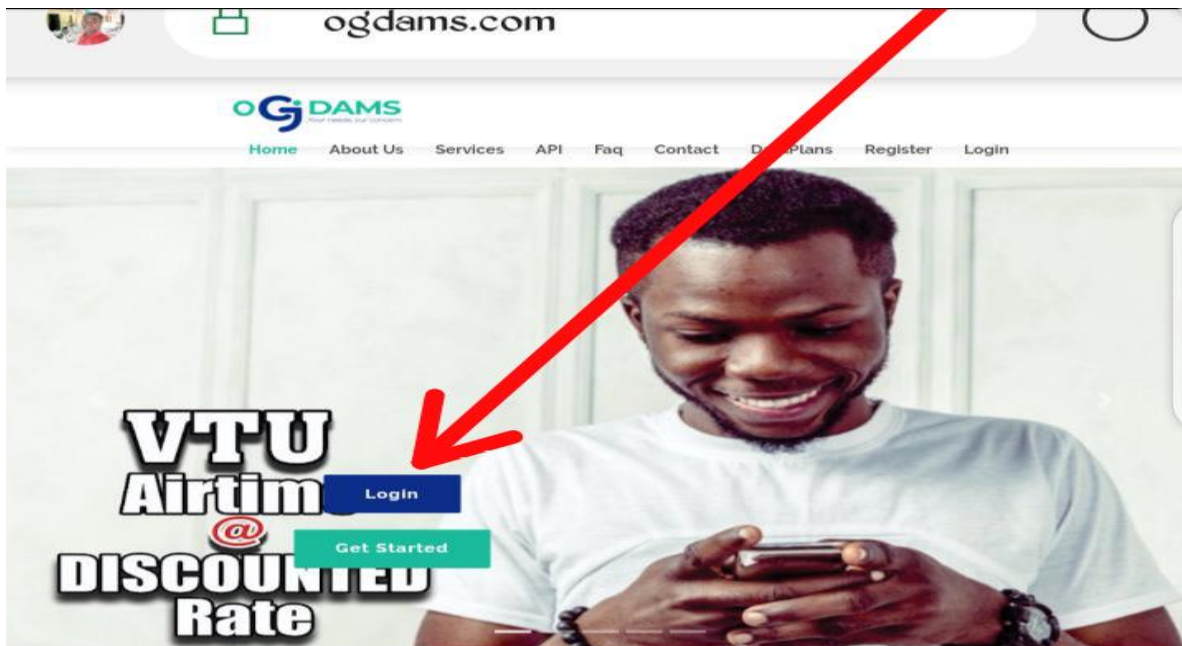

## GETTING STARTED

Here, I'm going to teach you how you can register as a Merchant, be it on your computer or Android Device or ios phone

**STEP 1:** Visit <https://www.ogdams.com> or you can simply click on the link.

**STEP 2:** From the Homepage, click on Get Started

You'll be sent to section looking like the one below

The screenshot shows a mobile browser interface for the OGDAMS website. The address bar at the top displays 'ogdams.com/users/login#signup'. The page features the OGDAMS logo with the tagline 'Your needs, our concern.' and the heading 'Create Account'. Below this, there is a registration form with the following fields: 'Referrer Wallet ID- Ignore if there is no Referrer', 'Full Name', 'Email', 'Phone Number', 'Password', and 'Retype Password'. A green 'Register' button is positioned below the form. Underneath the button, a link reads 'Already a member ? Log in'. The footer of the page includes the 'Ogdams' logo and the copyright notice '©2020 All Rights Reserved. Ogdams Technologies.'. The bottom of the image shows the standard Android navigation bar with back, home, and recent apps icons, along with a browser-specific navigation bar containing back, forward, menu, tabs, and share icons.

## How to make Money from Data Bundle Reselling Business

Let's take, for instance, **Emeka** credits his wallet and buys data from our platform at **N440 per gig**. As a student, he decided to be retailing the data plans by selling to his colleagues at **N500 or N550 per gig** depending on his decision. By so doing, he makes **N60 or N110 per transaction**. If he has 10 transactions per day, that makes him N600 or N1100 respectively on a daily basis which is equivalent to **N18,000 – N33,000 per month without any stress**.

**Remember, the more you sell, the more profit you make, Enjoy!**
